

# Mastering Formative Assessment Moves:

## 7 High-Leverage Practices to Advance Student Learning

**March 7, 2018**

**8:30 a.m. - 3:00 p.m.**

**8:00 a.m. Registration and Continental Breakfast**

### Workshop Highlights

Join us for a one-day session with Brent Duckor and Carrie Holmberg, experts in the area of formative assessment. Learn about the seven research-based, high-leverage formative assessment moves and how they can be used effectively to inform classroom instruction and to improve student achievement.

This workshop features an exploration of authentic problems of practice in ELA and Mathematics, exemplars and tools for enriching student learning; and implications for self-assessment, portfolios and evaluation.

School and district teams of administrators and teachers will learn about strategies to improve student achievement through formative assessment practices. The teams will have the opportunity to engage in discussion and plan for implementation.

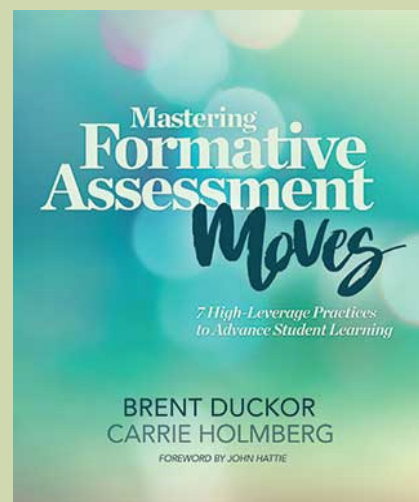

Participants will receive a copy of their book: *Mastering Formative Assessment Moves: 7 High-Leverage Practices to Advance Student Learning*
